

1 **Ed:** And now our special guest, former Mayor of Banning, Danny DoRight.

2 **Johnny:** Welcome Mayor Do-right. You have a very nice town here. Thanks for making our visit here so
3 welcoming. Before we ended up holding our show here, I didn't know what a "Banning" was! I thought it
4 was what you did with comedians you didn't like. Have you always lived in Banning?

5 **Mayor Do-Right:** Well, no. My family is originally from Canada. We came here in 1949 from
6 Saskatchewan, after my no-good uncle, David Done-Wrong, tied up a lady on the railroad tracks in an
7 effort to get the deed to her ranch.

8 **Johnny:** Done Wrong? I thought your last name is DoRight.
9

10 **Mayor Do-Right:** Well, yes... it is now. But with the railroad thing and my Aunt Godiva's fanny flashing at
11 the city council's town hall meeting, we had to distance ourselves from them, move, and change our
12 name.
13 My Brother Dudley, stayed behind and works in law enforcement, in the Northwest. My wife, Nell, is
14 also from Canada. We live on a small horse ranch on the other side of Sun Lakes. We have a variety of
15 animals including her horse, "Horse". She loves that horse. Sometimes I think, even more than me...

16 **Johnny:** What is there to do here, in Banning?

17 **Mayor Do-Right:** Well, there are hot air Balloon rides, Skiing, snorkeling and a llama petting zoo.

18 **Johnny:** All in Banning???

19 **Mayor Do-Right:** Well, no. You can do all of those things... in Temecula, in Big Bear, and in Laguna
20 Beach. You used to be able to pet the animal here, but the llama died.

21 **Johnny:** How about in Banning?

22 **Mayor Do-Right:** Well, There's the St. Boniface Indian Industrial School, founded in 1890 and the
23 Banning General Hospital. The school was demolished in 1974. The hospital served the WWII
24 war effort but was dismantled in 1948. We do have Stagecoach Days in honor of Phinneas
25 Banning, founder and Stagecoach operator and Johnny Russo's Italian Restaurant run by
26 Johnny Russo! Of course, there is Sun Lakes Country Club; fine dining, tennis, and Pickle ball!
27 ... Oh, and Golf! You can't forget golf! Plus you can chase coyotes...

28 **Johnny:** *(interrupting, cutting off DoRight)* Thank you Danny, for that wonderful information. Ed, will you
29 show the Mayor to the "special" observation point for our "special guests", off stage. And now, We'd
30 like to bring on _____ who will play a catchy tune on their magic kazoos!
