

1 I thought I'd uh start off my act with two new facts I learned today. One, an edible is nothing like a
2 lunchable and metrosexual isn't two people screwing on the bus.
3 My new hearing aids are great. I can now hear the safe word.
4 New watch will tell me how many steps I've taken today.
5 No wonder I'm tired.
6 As far as social media goes, you can follow me on the bulletin board at Kroger's or my chart. []
7 Speaking of which, because of my bad back, I've had several MRIs and it's been determined that I have
8 thin bones.
9 And as it happens, Thin Bones is also my gangster name.
10 Because of my thin bones, I'm very unsteady when I walk. I own the [__] sidewalk.
11 People step aside for thin bones.
12 My fingers are no longer nimble. I can't ...if I'm pissed off at somebody, I can't give them the finger.
13 Instead, I give them the claw.
14 I'm a worrier. I worry about everything. I worry about dying young.
15 I'll go to hell.
16 A con man got me so confused I gave him all my banking information. He took one look at my account
17 and put money in.
18 I bought a new bed and according to the instructions it can bear no more than 250 lbs.
19 So, uh, when I asked women how much they weigh, I'm just practicing safe sex.
20 I saw a beautiful lady and without thinking, I blurted out, "Oh my god, you're beautiful." And she blurted
21 out, "Oh my god, get out of the lady's room."
22 I have an inner child, but I don't think it's mine.
23 I fell asleep in my swivel chair and dreamed I was a tornado.
24 I'm a player.
25 Mostly checkers sometimes till 7 in the evening.
26
